

Org. Chlorella Tablets 20Tabs/150ml / label size 57
x170mm

KIKI's Organic Chlorella is carefully cultured and harvested in an area away from human contamination. The freshwater ponds are filled with carefully filtered water extracted from deep below the ground. The cell walls are cracked to allow optimal assimilation of the super-concentrated values from within each chlorella cell. Our Organic Chlorella Tablets contain iron which contributes to normal cognitive function, vitamin B12 which contributes to the reduction of tiredness and fatigue and protein for the maintenance of muscle mass. No binders are used to produce KIKI's Chlorella Tablets, they contain only 100% pure chlorella powder which has been compressed into a tablet, completely free from binders, fillers and additives.

Best before end: See base. Storage: Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

Food supplements should not be used as a substitute for a varied diet. Keep out of reach of children. Do not exceed the recommended daily dose.

Suitable for vegetarians and vegans. Naturally free from gluten and wheat. NO ARTIFICIAL COLOURS, PRESERVATIVES, SWEETENERS, BINDERS OR FILLERS
