

NL Superfood 300g /750ml / label size 90x280mm

Organic Nature's Living Superfood is a green alkalizing whole food supplement. It is derived from a comprehensive blend of raw whole foods, including alkalizing land and sea vegetables, micro-algae, enzymes and bacterial cultures. All 32, cold pressed, primary ingredients in Organic Nature's Living Superfood have been carefully selected, balanced and prepared to ensure maximum absorption and utilization in the body at a cellular level. The complex blend of nutritional raw green foods and plant juices makes Organic Nature's Living Superfood the perfect addition to your favourite smoothie or juice. It also tastes great sprinkled on salads.

Best before end: See base.
