Safety data sheet

Original Preparation Date: 10-September-2023

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING

1.1 Product Identifier

Product Name: Glass & Mirror Cleaner

Product GTIN Code: 5060772030204

Pack size: 4.2 grams sachet

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Household surface cleaning

1.3. Details of the supplier of the safety data sheet

Supplier: CLYN LTD, 20-22 Wenlock Road, London, N1 7GU

2. HAZARDS IDENTIFICATION

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

Physical hazards : Not classified as a hazardous mixture.

Environmental hazards : Not classified as a hazardous mixture.

2.2. Label elements

Warning. Irritating to eyes

Hazard information

Hazard pictogram	:	
Signal word	:	Warning
Hazard statement	:	H319 - Causes serious eye irritation
General	:	P103 - Read label before use. P102 - Keep out of reach of children P101 - If medical advice is needed, have product container or label at hand.
Prevention	:	P280 - Wear protective gloves/protective clothing/eye protection/face protection. P264: Wash hands thoroughly after handling.

S P R U C E

Response : P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

3. Composition and information on ingredients

Labelling in accordance with the Detergents Directive EC 648/2004: Less than 5% non-ionic surfactants

Less than 5% amphoteric surfactants

Allergens: Organic Essential Oils may contain allergens such as Citral, Citronellol, Geraniol, Linalol, Limonène.

Does not contain any hazardous substances or substances with a community Workplace Exposure Limit at concentrations greater than disclosure thresholds.

4. First aid measures

Description of first aid measures

Inhalation : Move the exposed person to fresh air. If symptoms persist, get medical attention.

Skin contact : Rinse with water. Soap may be used. Do not apply (chemical) neutralizing agents. If symptoms persist, get medical attention.

Eye contact : Rinse immediately with plenty of water, also under eyelids, for at least 15 minutes. If symptoms persist, get medical attention.

Ingestion : Rinse mouth with water. Do not induce vomiting. Never give anything to an unconscious victim. If symptoms occur, get medical attention.

General : If the exposed person feels unwell, seek medical advice (show the label where possible).

Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

5. Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media Extinguish with foam, carbon dioxide, dry powder or water fog.

5.2. Special hazards arising from the substance or mixture

No unusual fire or explosion hazards noted.

Does not decompose when used and stored as recommended.

S P R U C E

5.3. Advice for firefighters

Protective actions during firefighting

Control run-off water by containing and keeping it out of sewers and watercourses.

Special protective equipment for firefighters

Use air-supplied respirator, gloves and protective goggles.

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions Wear protective clothing, gloves, eye and face protection.

6.2. Environmental precautions

If safe to do so, prevent further leakage or spillage. Contain spillage with sand, earth or other suitable

noncombustible material.

6.3. Methods and material for containment and cleaning up

Avoid raising dust. Sweep up.

7. Handling and storage

7.1. Precautions for safe handling

Read and follow manufacturer's recommendations.

7.2. Conditions for safe storage, including any incompatibilities

Store in original packaging in a dry and cool place.

7.3. Specific end use(s)

The identified uses for this product are detailed in Section 1.2

8. Exposure Controls/personal protection

8.1 Control measures

Workplace Exposure Limits: N/a

Eye/Skin protection: It is recommended that chemical-resistant protective gloves/ eye protection/face protection are worn

Other skin and body protection: Wear suitable protective clothing as protection against splashing or contamination

Hygiene measures: When using do not eat, drink or smoke.

Respiratory protection: None noted.

Environmental exposure controls: Keep container tightly sealed when not in use.

9. Physical and chemical properties

S P R U C E

Appearance: White

Physical State Solid: Powder / Granular

Odour: Peppermint Essential Oil

Product type: Powder

Solubility: Soluble in water

Melting point: Not determined.

10: Stability and reactivity

Reactivity: Not known

Stability: Stable at normal ambient temperatures in original packaging.

Possibility of hazardous reactions: Not known.

Conditions to avoid; Avoid exposure to high temperatures or direct sunlight.

Incompatible materials: Not known

Hazardous decomposition products: Not known.

11: Stability and reactivity

Information on toxicological effects: Not available.

General information : This product has low toxicity. Only large quantities are likely to have adverse effects on human health

12: Ecological information

Ecotoxicity : There are no data on the ecotoxicity of this product.

12.1. Toxicity : Not known

12.2. Persistence and degradability: Readily biodegradable

12.3. Bio-accumulative potential

This material is not expected to bioaccumulate.

Partition coefficient : Not available.

12.4. Mobility in soil: Mobility, the product is soluble in water.

12.5. Results of PBT and vPvB assessment: This product does not contain any substances classified as PBT or vPvB.

12.6. Other adverse effects: None known.

13: Disposal consideration

General information : Waste should be treated as controlled waste.

Disposal instructions : Dispose of contents/container in accordance with local/ regional/national/ international regulations.

S P R U C E

14: Transportation information

General : The product is not classified as hazardous by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or Mixture:

National regulations: The Control of Substances Hazardous to Health Regulations 2002 (SI 2002 No. 2677) (as amended).

EU legislation: Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended). Product labeling in accordance with Detergents Regulations (EC) No 648/2004

15.2 Chemical safety assessment: No chemical safety assessment has been carried out

16: Other information

N/A
