Long Lasting Curl

Onyx Great Grip Lash Curler

Premium quality curler outfitted in a chic matte black and white finish. The Onyx Great Grip Eyelash Curler is designed to create dramatically beautiful lashes.

FEATURES & BENEFITS:

- Curls lashes from base to tip creating a wide-awake look.
- Reaches every lash for an effortless curl.
- Ergonomic handle design for added comfort and control.
- Smooth opening and closing action for precise performance.
- Thick, rounded silicone lash pads won't crimp or stick to lashes, unlike rubber pads that can cause irritation.
- 3 replacement pads included.

HOW TO USE:

Always curl lashes before applying mascara.

1. Open eyes wide to insert and center lashes.
2. With curler pad placed at base of lash line, hold handles firmly and gently squeeze.
3. Hold for a few seconds, then open curler slowly to release lashes.
4. Repeat up the length of lash from base to tip for an even more intense curl.

HOW TO CLEAN:

- Clean pads after use with alcohol wipe. With daily use, we recommend replacing curler pad after three months and curler after one year.

Caution: Always curl lashes before applying mascara. Do not heat curler prior to use. Do not use curler on lower lid lashes.
