

MARINE COLLAGEN BEAUTY BLEND

Hydrolysed Marine Collagen with Hyaluronic Acid and Vitamin C

How to use it

Adult intake 1/1.5 teaspoons once or twice daily, according to your personal and lifestyle needs. Add to water, smoothie or juice.

Ingredients

Hydrolysed Marine Collagen (**Fish**), hyaluronic acid, Organic Acai Powder Organic Camu Camu.

No artificial colours, preservatives, sweeteners or fillers. Naturally free from wheat, gluten, lactose and dairy. Non - irradiated and non GMO.

Storage

Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

A no-nonsense, powerful supplement for aging.

An advanced formula that combines hyaluronic acid, natural vitamin C and marine collagen to help keep the skin soft, plump and supple and look less wrinkled. The body's ability to produce hyaluronic acid and collagen declines with age, which can lead to increased dryness, fine lines, wrinkles and sagging.

Benefits

- Contributes to normal collagen formation for the normal function of skin
- Just 3 ingredients - collagen peptide from fish, hyaluronic acid, and vitamin C
- Contains natural vitamin C, which is known for better absorption
- Marine Collagen , research shows the body absorbs collagen better from fish sources.
- No fillers, sugar or preservatives
- Promotes healthy, supple skin
- Keeps bones and joints lubricated
- Preserve bone strength

Processing

Produced from raw fish skin extracted from sustainably sourced wild fish, such as cod, haddock, plaice and pollock, off the coast of France by a responsible MSC certified fishery. The fish are sourced solely from their natural habitat and never from farms.

We have then carefully blended our collagen with the correct amount of hyaluronic acid and vitamin C to make this a super charged beauty blend that will strengthen your skin from within.

Country of origin France
