Reishi Mushroom Food Supplement

- ♥ Using 100% fruiting bodies offers the highest concentration of beneficial compounds and therapeutic bioactive molecules.
- ♥ Beta-glucans are considered the most beneficial polysaccharides due to their health giving properties including immune support. We guarantee > 30% beta-glucans.
- ♥ Triterpenoids are one of the most beneficial compounds found in Reishi mushrooms and responsible for many of their health benefits. A little goes a long way and we guarantee > 1% triterpenoids content.
- ♥ Our unique, highly bioavailable formula includes a full spectrum extract containing all the essential mushroom cofactors and a dual extract rich in concentrated active compounds.

Two capsules provide on average :

NUTRIENT	AMOUNT	INGREDIENTS:
