

Product

Name	Liposomal D3/K2/Mag 30 Veggie Caps
Description	Balanced Liposomal D3/K2/Mag Veggie Caps in our 100% reusable and recyclable bottle. Our Liposomal formulas are at the cutting edge of vitamin and mineral supplement research and development. Liposomal is a term used for nutrients that have been encapsulated in a lipid compound. This lipid compound has a composition similar to that of the cell membrane and is therefore readily absorbed into the cell, depositing the nutrients exactly where it is needed. Effectively this means much more (up to 95%) of the supplement is absorbed by the cells. Vitamin D contributes to normal function of the immune system and maintenance of normal bones. While Vitamin K2 and Magnesium aid in absorption and bioavailability of Vitamin D. Vegan and free from excipients, soy, GMO, gluten, lactose, and sugar.
Code	BAL55
Barcode	5055177533030
Country of Origin*	Made and packed in the UK.
*Country of origin may vary from time to time and the origin stated in this document is not guaranteed.	

Packaging

Net Content	30 Veggie Capsules
