

BENEVO RUMBLE STRIPS

Plant-based complementary food for dogs

Benevo Rumble Strips are highly aromatic and palatable strips, which can be easily torn into pieces as treats or rewards. The naturally vegan recipe makes these treats ideal for dogs who have sensitivities to animal proteins. Soft in texture, it makes them not only an appetising complementary food for adult dogs, but puppies and senior dogs too.

Composition:

Wheat, Maize, Sunflower
Lecithin, Cellulose, Potato
