Pure

SUN FLOWER HONEY

from

LITTLEOVER APIARY™

340g

Littleover Apiaries™

All of our honey is cold extracted, cold filtered and is unblended to protect the natural proteins and enzymes in this premium honey. This is honey from hives situated in the French Sunflower fields at the height of summer and has all the flavours of the season in a jar. This is a warm yellowy honey, buttery and superb for spreading on toast. This will bring a taste of summer to your plate all year round. It has a medium sweet and mellow flavour which makes it a favourite with all the family.

Littleover Apiaries are committed to sustainable farming and the care of our environment whilst producing our honeys
