
Why we love this product

We love our body wash refill because as well as being vegan and made with 99% naturally derived ingredients, it's a sustainable solution to your bathroom routine that removes single-use plastic. With less than 10% of all UK plastic recycling actually being recycled, at Bower we guarantee 100% of our pouches are reused or sent directly to our recycling partners. Plus, it's made right here in the UK to reduce carbon emissions, making it one of the most environmentally friendly shower gels available.

Ingredients

Aqua, Ammonium lauryl sulphate, Lauryl glucoside, Citric acid, Sodium chloride, Sodium benzoate, Parfum, Benzyl Salicylate, Citral, Limonene, Linalool

Shower Gel pH: 5 – 5.5

How to use

The body wash can be used everyday in the shower or run under a hot bath for a luxurious bubble bath. The body wash refill is designed to be poured into the beautiful Bower dispensers. To experience the full collection use with our coconut & orchid shampoo and conditioner refills.

Simply return the empty pouch to Bower using the free post address on back of pack to be refilled and reused.

In case of contact with eyes, or skin irritation, rinse with clean water immediately and stop use. Keep out of reach of children.

Eliminating ocean-bound plastic

With every Bower order we work with our partners CleanHub to prevent ocean-bound plastic waste.

We have committed to stop 10,000 kgs of non recyclable plastic from entering our oceans this year. Bower Collective enables the safe collection and recovery of ocean bound plastic waste, working directly with waste-picking communities in Kerala, India. Your contribution, through your order, supports clean environments and creates sustainable jobs in the global south.
