

Why we love this product

We love the geranium sanitising hand wash because it is made using ethically sourced ingredients, manufactured right here in the UK, making it one of the most sustainable and environmentally friendly cleaning solutions on the market. It is effective, sustainable and affordable.

Ingredients

Aqua, Sodium Laureth Sulfate, Cocamidopropyl Betaine, Sodium Chloride, Lactic Acid, Citric Acid, Parfum, Limonene

Avoid contact with eyes. If product enters eyes, rinse well with plenty of clean water. Discontinue if irritation occurs.

Conforms to BSEN1276 testing (food grade standard) and neutralises 99.9% of harmful bacteria including E.coli, Salmonella and MRSA

How To Use

Wet hands and apply one pump of soap. Wash hands for a minimum of 20 seconds, and then rinse with clean warm water.

This hand wash refill is ready to use undiluted and is designed to be decanted into our beautiful Bower dispensers or a pump dispenser that you may already own.

Return the empty pouch to Bower to be refilled and reused. Our free post returns address can found on the back of pack.

Eliminating ocean-bound plastic

With every Bower order we work with our partners CleanHub to prevent ocean-bound plastic waste.

We have committed to stop 10,000 kgs of non recyclable plastic from entering our oceans this year. Bower Collective enables the safe collection and recovery of ocean bound plastic waste, working directly with waste-picking communities in Kerala, India. Your contribution, through your order, supports clean environments and creates sustainable jobs in the global south.
