FORMULA OVERVIEW

Honouring a revered botanical, this supplement offers a concentrated form of Panax ginseng that respects tradition while embracing modern precision-formulation. Each capsule delivers a 30:1 extract equivalent to 15,000 mg of organic ginseng root, standardised to 50mg ginsenosides to ensure consistent phytonutrient content. The extract is blended with organic brown rice flour and enclosed in a plant-based hypromellose shell, preserving the root's earthy aroma without unnecessary processing or fillers. One capsule provides a full serving, and 90 servings come in a resealable pouch designed for neat storage and ease of use. Incorporating this capsule into a daily ritual offers a measured, taste-free way to enjoy ginseng's character without brewing teas or taking tinctures. Made in the EU with non-GMO ingredients and produced under GMP standards, the supplement reflects Alpha01's commitment to respectful sourcing and clean label integrity.
