VITAL GLOW VITAMIN C CREAM

Launching on: 01/05/2026

RRP: £32

99.9% NATURAL, 46.1% ORGANIC

Glow without compromise with the
Vital Glow Vitamin C Cream!

This radiance-boosting, skin-comforting moisturiser has been designed to bring complexions back to life. Created for all skin types, this silky, nourishing cream delivers luminosity, deep hydration and lasting radiance, making it the perfect everyday glow companion.

Formulated with a stabilised form of Vitamin C that works gently yet powerfully to brighten, smooth and even skin tone. Organic Peruvian Maca energises the skin from within, helping to enhance luminosity. Centella Asiatica (CICA) completes the trio with its proven ability to boost radiance while soothing, strengthening and supporting the skin barrier.

This luxurious blend is also complemented by low molecular weight Hyaluronic Acid to deliver hydration and Rosehip Oil to soften and replenish. The result is skin that feels calm, supple and refreshed and glowing with natural vitality.

Certified COSMOS Organic, vegan, cruelty-free and pregnancy-friendly, Vital Glow Vitamin C Cream combines the best of nature and science in one gentle, radiant step. Light enough for daytime wear yet deeply comforting at night, it leaves every complexion brighter, smoother and ready to face the day.

VITAMIN C

CENTELLA ASIATICA

MACA ROOT

KEY INGREDIENTS:

VITAMIN C

A gentle yet powerful form of Vitamin C that delivers all the brightening, firming and protective benefits of pure ascorbic acid without the irritation. Stabilised with natural glucose, this innovative molecule releases Vitamin C gradually into the skin, ensuring long-lasting antioxidant protection and radiance. It helps to visibly even skin tone, soften fine lines and boost natural luminosity.

CENTELLA ASIATICA (CICA)

A soothing botanical known as “Tiger Grass,” celebrated for its ability to calm, comfort and restore balance to the skin. Rich in antioxidants and amino acids, Cica helps strengthen the skin barrier, enhance suppleness, and visibly boost radiance, delivering a luminous glow in as little as 30 minutes while supporting long-term skin resilience.

MACA ROOT

A revitalising superfood grown high in the Peruvian Andes, rich in peptides and minerals that energise and renew the skin. This natural radiance booster enhances luminosity by up to 35%, stimulates cellular renewal, and reduces the appearance of wrinkles - unveiling skin that looks brighter, smoother, and full of life.
