

Nuasan Active Body Moisturiser 200ml

Nuasan Active Body Moisturiser has been scientifically developed to care not only for the skin, but for body, muscles and joints too. Most body moisturisers focus only on nourishing and hydrating the skin, whereas our product focuses on recharging sore, stiff and tired bodies, naturally.

- Enriched with Magnesium proven to ease muscle tension, combat fatigue & accelerate muscle repair
- Contains Arnica demonstrated to soothe sore, tender muscles and joints

Our creamy body moisturiser contains a unique blend of Macadamia and Oat to quickly hydrate, soothe & nourish the skin. It also contains Macro-algae to stimulate damaged skin renewal. With a soothing, gentle scent, it helps improve sleep, reduce stress and anxiety and improve skin health.

- Highly functional without comprising on luxury experience
- Lightweight with superfast absorption, this moisturiser doesn't sit on the skin or leave you feeling greasy.
- Suitable for both men and women
- Premium stylish packaging and striking brand design
- Tube made from recycled plastic and packaging made using recycled paper
- Sustainably sourced and vegan
