

## 20mg/100ml Nature's Living Superfood / label size 48x140mm

<p>Organic Nature's Living Superfood is a green alkalizing whole food supplement. It is derived from a comprehensive blend of raw whole foods, including alkalizing land and sea vegetables, micro-algae, enzymes and bacterial cultures. All 32, cold pressed, primary ingredients in Organic Nature's Living Superfood have been carefully selected, balanced and prepared to ensure maximum absorption and utilization in the body at a cellular level. The complex blend of nutritional raw green foods and plant juices makes Organic Nature's Living Superfood the perfect all-in-one addition to your favourite smoothie or juice. It also tastes great sprinkled on salads or mixed with cereals and desserts. <b>Best before end:</b> See base. <b>Storage:</b> Store in a cool, dry place away from direct sunlight. Refrigeration is not required. Food supplements should not be used as a substitute for a varied diet. Keep out of reach of children. Do not exceed the recommended daily dose.</p>	<h3>NATURE'S LIVING SUPERFOOD</h3> <h3>ORGANIC BLEND</h3>	<p><b>Directions for use:</b> Adult intake should begin with a half (1/2) teaspoon daily and gradually increase to one (1) or more heaped teaspoons daily, according to your personal and lifestyle needs.</p>
