

YES® CLEANSE ROSE is designed to wash away bacteria while protecting your intimate health. Formulated with organic ingredients designed to minimise the risk of allergies or other side effects, matched to your vulva's pH.

- Formulated specifically for external intimate tissue of vulva and labia
- Washes away harmful, odour-causing bacteria without irritation
- Luxurious pH-matched feminine washes you can use with confidence and safety day after day

Instructions

Apply YES® CLEANSE ROSE foam wash to damp skin with hand or sponge and then gently rinse. For use in the external vaginal area. Suitable for daily intimate hygiene.
