

Absolute Aromas Aroma Clock Diffuser

Our contemporary Aroma-Clock Ultrasonic Diffuser allows you to create a calming or reviving atmosphere in your home or workplace, whilst also functioning as a stylish alarm clock and bluetooth speaker! Whether you want to add a touch of style to your bedroom or office space, our diffuser can help you to feel relaxed, invigorated or refreshed depending on your mood and choice of essential oils.

This Aroma Diffuser uses Ultrasonic waves to instantly vaporise water and essential oils in the tank to produce a cool, dry and fragrant mist, working as a mini humidifier to help purify the air, creating a fresh and healthy environment. As there is no heat involved, the therapeutic properties of the essential oils remain present.

- **100% NATURAL ROOM FRAGRANCE** -A wonderful way of making any room smell amazing with the power of essential oils, water and our premium quality diffuser.
- **PREMIUM QUALITY** – Our Ultrasonic Diffusers are carefully designed and manufactured, use together with our premium essential oils for a luxury fragrance experience
- **IT'S A BLUETOOTH SPEAKER TOO!** – Just connect your phone to play music or radio. Don't forget it has a clock, alarm function and lights too; it's a multi-use product!
- **EASY & SAFE TO USE** – Features an automatic safety shut off for when water runs low.
- **ECO FRIENDLY** – Just add water, a few drops of your favourite essential oils and switch on to start the diffuser. Can be used time and time again with low energy consumption.
