A fast-absorbing, multitasking moisturizer.

This balancing blend of vitamins and omegas softens the appearance of fine lines, wrinkles and sunspots, while drenching hair and body in moisture.

Often referred to as “nature’s moisturizer” due to its ability to mimic skin sebum, this lightweight-yet-nourishing oil absorbs quickly without clogging pores or leaving skin greasy.

How To Use

Face & Body: Apply post-shower for maximum hydration, giving extra TLC to dry elbows and knees.
