Marketing Information

Key Description (Max 250 characters)

- High potency N-Acetyl Glucosamine (NAG)

Key Bullets

- High potency N-Acetyl Glucosamine (NAG)
- Effective – Glucosamine is a key component of connective tissue, including ligaments, tendons, synovial and bursal fluid, and the mucous membranes such as the lining of the digestive tract
- Optimum support – High potency capsules providing 1000mg NAG per daily dose
- Advanced – Acetyl Glucosamine is a well-absorbed form of glucosamine, which may be more beneficial for the lining of the digestive tract
- Flexible – Easy to swallow capsules allowing convenience and splitting dose throughout the day ensures maximum efficacy
- No unnecessary additives
- Trusted – We've been helping to shape a healthier society for over 30 years
- Suitable for vegetarians and vegans
- 30 days' supply at 2 capsules per day
