

BALMONDS

redefining natural skincare

Balmonds Gentle Face Wash: a revolutionarily pure wash for sensitive skin

with Epsom salt, bladderwrack, rosehip + sea buckthorn

The Balmonds Gentle Face Wash USP

Our gently foaming, fragrance-free facial cleanser was designed specifically to be suitable for allergy-prone or reactive skin of all ages and skin types, in the knowledge that many of our customers with sensitive skin can't tolerate harsh preservatives or fragrance, whether synthetic or natural, and also need to avoid soap and sulphates.

With this in mind, we have created an exceptionally gentle wash for the delicate skin of the face, using only the mildest natural surfactants plus **six skin-kind natural actives** including prebiotic inulin, softening Epsom salt, and regenerative rosehip, to keep sensitive skin happy, healthy and clean. We've kept the formula vegan, and gluten-free.

Balmonds Gentle Face Wash is 99% natural and adheres to COSMOS & allergy-friendly standards, and is suitable for those prone to eczema, psoriasis, rosacea & other dry skin conditions.

Key Ingredients

Epsom Salt: to soothe itchiness & reduce flares

Inulin: a natural prebiotic to promote a healthy skin biome

Rosehip: rich in natural vitamin A, to support the repair & regeneration of skin cells

Borage: highly rich in essential fatty acid GLA (gamma-linolenic acid) for skin health

Sea Buckthorn: with vitamins C & E, Omega 7 and linoleic acid to fortify the skin barrier

Bladderwrack: anti-inflammatory, improves collagen synthesis & skin cell turnover

125ml
RRP £16
