

1 FILLING & KNOWING HOW TO CARE FOR YOUR YUYU BOTTLE

The YuYu Bottle can be filled with less than a kettle of water (1.5 litres) and will keep you cosy & warm for up to 6 hours!

Do not use boiling water. Always allow water to cool for 1-2 mins. Feel free to fill your YuYu to maximum capacity however we recommend 3 quarters. Always hold the bottle by the neck when filling with water and pour slowly.

WARNING: Ensure the water is not bubbling when pouring.

Expel any excess air from the bottle before replacing the stopper. Ensure the stopper is secured tightly to prevent leakage.

BOTTLE CARE:

This bottle is made of natural rubber. Use a damp cloth to keep your bottle clean and dirt free. Using filtered water can help to prolong the life of your bottle.

We recommend storing your bottle in a cool dark place, with the water completely emptied and the cap off. Please do not put your YuYu Bottle directly in the freezer as freezing the natural rubber will damage your bottle, which will make your YuYu Bottle unusable with hot water.

COVER CARE:

Follow washing instructions on the internal care label.

SAFETY INSTRUCTIONS:

Check the bottle regularly for damage. Prevent contact with hot surfaces, oil and grease. Do not heat in a microwave oven. Do not overfill. This is not a toy; keep out the reach of children. To prevent burns, do not use the bottle without the cover. Do not allow direct or prolonged contact with the skin

2

Prepare your YuYu Bottle to be worn around the body by extending the strap.

COLD THERAPY COOL DOWN WITH YOUR YUYU!

We recommend pouring icy water in your YuYu.

Depending on the temperature of your environment, you should receive over an hour of cold therapy.

Please see step 1 for care advice and instructions.

3 WEAR YOUR YUYU BOTTLE HANDS FREE

Your YuYu Bottle can be worn hands free around the body. Follow these 4 simple steps to tie the YuYu around your waist. *It also feels great diagonally across your back!*

4 SIT BACK AND RELAX! REMEMBER TO SHARE YOUR YUYU EXPERIENCE!

For extra relaxation infuse your YuYu with drops of your favourite essential oils.
