

Warning, this powder may give you superpowers. Just one teaspoon of our raw berry powder is bursting with more berry superpower than a whole handful of fresh berries. You'll probably find yourself doing odd things like not hitting snooze and looking forward to Mondays. Not all heroes wear capes, but most eat our berries.

Enriched by the midnight-sun goodness packed into each berry, they grew strong and soon set out to explore new lands, taking the wild forest berries with them (preserved in space-saving powder) ready to share with the world.
