Technical manager:	Mrs Raimundo Carla - Quality manager
Product:	Natural fruit and vegetables juice with acerola. The juice is in bottles of 250 ml and 500 ml, without addition of water, dyes or preservatives
Description:	The fresh fruits are previously chosen, washed, selected, extracted, the result of the extraction is the juice. Then the juice is homogenized, filled, capped, labeled and cold stabilized by HPP ("High Pressure Product").
Origin of raw materials:	Portugal, Morocco, Spain, South Africa, China (Subject to change during the year)
Qualitative and Quantitative formulation:	Cucumber 80,47%, Lemon 6,5%, Spinach 4%, Ginger 3%, Lettuce 2%, Kale 2%, Celery 2%, Acerola 0,025% and antioxidant: ascorbic acid.
Organoleptic	
Colour:	Dark green - Brownish green (subject to fluctuations during their useful life and throughout the year because they are fresh and seasonal raw materials and because there is a need to use raw materials from different sources)
Smell and Flavour:	Cucumber and lemon with celery, lettuce and kale (sensory analysis) (subject to fluctuations during useful life and throughout the year because they are fresh and seasonal raw materials and because there is a need to use raw materials from different sources)
Physical-chemical	
Net amount:	250 ml (measuring with calibrated test tube)
pH:	Under evaluation
°Brix:	Under evaluation
Lead, cadmium content:	The product complies with the limits established in accordance with the legislation in force, being regularly monitored.
Microbiological:	Enumeration of microorganisms at 30°C – $\leq 1,0 \times 10^6$ ufc/ mL Moulds - $\leq 1,0 \times 10^3$ ufc / mL Yeasts - $\leq 1,0 \times 10^5$ ufc / mL Enumeration of <i>E. coli</i> - $\leq 1,0 \times 10^2$ ufc / mL Detection of <i>Salmonella</i> spp. - Not detected Detection of <i>Listeria monocytogenes</i> – Not detected
Allergens:	Contain Celery
GMOs	Does not contain
Suitable for:	NA

Product Technical Specification

Lean Green with Acerola

Nutritional values (100 ml)	Theoretical
Energetic value	63 / 15 kJ/kcal
Lipids	0,6 g
of which saturates	0,0 g
Carbohydrate	1,3 g
of which sugars	1,1 g
Protein	1,1 g
Salt	0,02 g
Vitamin C	16,1 mg
Possible Claims (Subject to Validation with External Analysis):	High in vitamin C (Subject to Validation with External Analysis).
Legal name:	Cold-press vegetable and fruit juice with ginger stabilized by High pressure process (HPP)
Trade name:	Lean Green
Packing (reference / capacity):	The product is hermetically packaged in 50% R-PET bottles.
Primary	G. Weight $\pm$ _ g; L x W x H = _ x _ x _ (500 ml); G. Weight $\pm$ _ g; L x W x H = _ x _ x _ (250 ml);
Secondary:	(Packs of 6 units) G. Weight $\pm$ _ g; L x W x H = _ x _ x _ (250 ml); (Packs of 6 units) G. Weight $\pm$ _ g; L x W x H = _ x _ x _ (500 ml);
Minimum allowable quantity for production (L):	1000 L or 500 L by reference (capacity)
Instructions for use:	Always keep chilled. After opening, consume within 48 hours.
Expiration date:	Shelf life is 45 days, kept at refrigerated temperatures (maximum 8°C).
Batch Coding:	Day / Month / Year in sequential numbers from 1 to 99.
Distribution and storage conditions:	Distribution carried out at cold temperatures (maximum 8°C). Always keep chilled.
