KIKI's Organic Spirulina is a strain grown in the remote countryside in controlled conditions away from all industrial, agricultural and human development, preventing any impurities from environmental pollutants. It is carefully nurtured and monitored on a daily basis to prevent contamination, and cultivated using pure vegetarian sources of nitrogen and phosphorous nutrients. Our Spirulina is an incredibly clean product and meets the world's most meticulous organic and quality standards. KIKI's Spirulina has the minimum PAH levels and is 5 times below the EU regulatory standards. It is non-GMO, non-irradiated and both toxin and pathogen free.

Storage: Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

Suitable for vegetarians and vegans. Naturally free from gluten and wheat.
NO ARTIFICIAL COLOURS, PRESERVATIVES, SWEETENERS, BINDERS OR FILLERS
