Each pack serves 2-3.
Recommended daily allowance.

Ingredients: Purified Water, Organic Konjac Flour, Organic Gluten-free Oat Fibre.
Allergen Declaration: Made in factory that handles soy, oat and sulphite.

Healthy Living: Better Than Pasta is free from **gluten, wheat, fat, sugar and salt**. It is suitable for many diets including **Vegan, Gluten-free, Keto and FODMAP**. They are made from organic konjac flour, which is rich in glucomannan, a soluble fibre not absorbed by the body. That is why they contain so little **calories and zero carbohydrates**.

What is konjac flour? Konjac flour is made from the root of a vegetable plant grown in South East Asia. The flour is mixed with water to make pasta, which has a neutral taste, but when added to healthy ingredients, the pasta absorbs the flavours so that you can enjoy a **healthy and delicious meal**.

Recommendations: Better Than Pasta is packed in water. You may notice a faint aroma when opening a pack. This can be easily removed by rinsing the food under cold water.
