GLUTEN FREE | VEGAN | ORGANIC

My gluten free journey began in 1978 when I discovered how difficult it was to find suitable grains and foods for a gluten free diet. The distinctive attributes of alternative grains and their ability to create spectacular dishes is still my inspiration. With a FREEE breakfast cereal in my cupboard, I'm ready for the day ahead.

It's great starting my morning with a tasty, organic breakfast. Visit freee-foods.co.uk and browse our award winning flour, pasta, cookies and oat bars.
