

NATURE'S RESPONSE

The Wisdom of Mother Nature

NATURE'S RESPONSE

Nature's Response is a functional wellbeing brand that **harnesses** the power of natural ingredients provided by **Mother Nature**.

We believe in the wisdom of Mother Nature and formulate **effective** and **natural** products that work in harmony with the body.

NATURE'S RESPONSE

OUR VALUES

Nature's Efficacy:

We are dedicated to sourcing and utilising high quality natural ingredients known for their efficacy and traditional uses.

Transparency & Trust:

We are committed to clear and honest communication about our ingredients. Each ingredient has a purpose and use.

Wellbeing:

Our products are designed to support the body's own natural processes while adding extra support where needed.

BABY PRODUCTS

At *Nature's Response*, the gentlest care is rooted in our core belief, **nature knows best**. Each product is crafted to work in harmony with your baby's body—supporting their natural development while offering the **protection** and **comfort** they deserve.

Created with conscious parents in mind, every formula is transparent, purposeful, and backed by nature's proven efficacy. When it comes to caring for your baby, nothing matters more than trust, simplicity, and the soothing power of nature.

LACTASE DROPS

Nature's Response Lactase Drops break down the lactose in breast and formula milk which helps ease digestive pain and discomfort.

Lactose is a complex sugar found in milk, dairy products, infant formulas and breast milk.

The immature digestive system of babies can have trouble breaking down the milk into simpler sugars and our **Lactase Drops** aid in this process by providing what adults naturally produce.

Soothing digestive complications will make your baby feel more *settled* at night and *happier* during the day.

10ml bottle with carton

Suitable
from birth

Sugar free

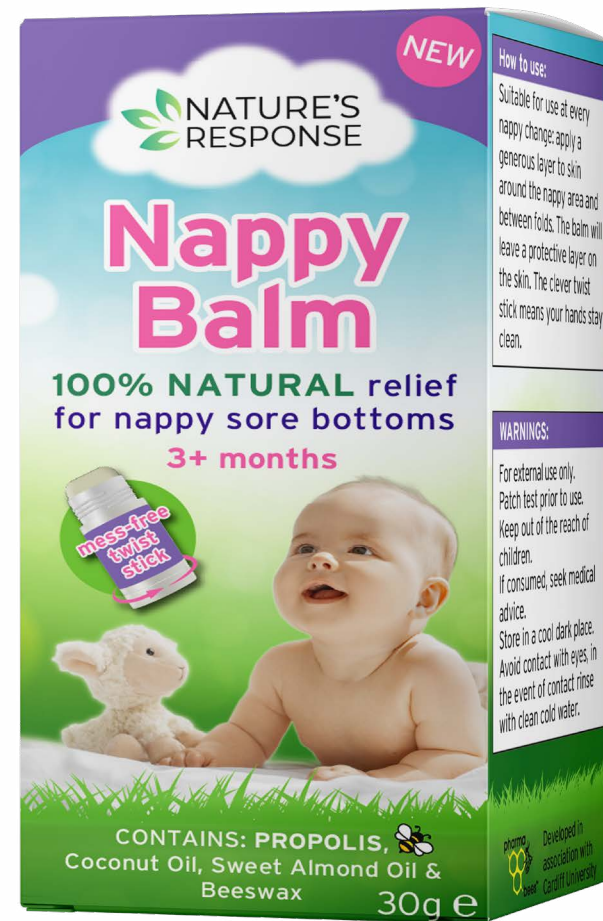

Sufficient for
60 feeds

NAPPY BALM

Nature's Response Nappy Balm is designed to treat sore bottoms caused by being infected with a fungi called *candida albicans*.

Propolis is well renowned for its ability to **fight fungal infections** and our nappy balm has been developed with this in mind and in conjunction with the distinguished bee specialists at *Cardiff University's School of Pharmaceutical Science (Pharmabees)*. All our ingredients are 100% natural with no additives or preservatives used.

30g twist stick with carton.

Ingredients:

Propolis

Coconut Oil

Sweet Almond Oil

Beeswax

NAPPY BALM

Propolis

Used to fight bacterial and fungal infections on the skin. Developed in conjunction with Cardiff University.

Beeswax

Works as a barrier for the skin.

Coconut Oil

Helps protect the skin and promotes healing.

Sweet Almond Oil

Rich in vitamins A, B and E, perfect for improving skin condition.

SCALP OIL

Nature's Response Scalp Oil has been developed with your baby in mind. All our ingredients are 100% natural with no additives or preservatives used.

Simply apply to baby's scalp, leave on and then gently brush dead skin cells away.

30ml bottle with carton.

Ingredients:

Rosehip Oil

Grape Seed Oil

Coconut Oil

Sweet Almond Oil

SCALP OIL

Rosehip Oil

Contains fatty acids that help skin cells regenerate

Grape Seed Oil

Helps moisturise and soothe dry irritated skin

Coconut Oil

Protects and fortifies baby's skin

Sweet Almond Oil

Rich in vitamins A, B and E, perfect for improving skin condition.

VAPOUR RUB

Nature's Response Vapour Rub is designed to help clear your baby's airways, using natural ingredients and their known effects.

Simply rub on to your baby's chest and back to alleviate the irritation they're experiencing.

The clever twist stick means your hands stay clean whilst applying, and your conscience is clean as there are ***no hidden chemicals*** in our products.

30g twist stick with carton.

Ingredients:

Pumilio Pine Oil

Terpineol

Thyme Oil

Lavender Oil

VAPOUR RUB

Pumilio Pine Oil

Renowned for helping reduce inflammation

Terpineol

Supports clear, cool breathing

Thyme Oil

Helps soothe irritated airways

Lavender Oil

Used the world over to help with sleep

NIT REMOVER

Nature's Response Nit Remover has been formulated to help you easily remove head lice and their eggs (using an included fine-tooth comb).

Apply liberally to freshly washed, towel-dried hair.

Work the fine-toothed comb from the top of the scalp to the bottom of each hair strand. Wipe the comb after each stroke to help prevent infestation.

100ml bottle with carton (Nit Comb included).

Ingredients:

Tea Tree Oil

Lemon Scented
Tea Tree Oil

Neem Oil

Ethylhexyl
Palmitate

NIT REMOVER

Tea Tree Oil

Renowned for helping eradicate and prevent further instances of head lice.

Lemon Scented Tea Tree Oil

Acts as a preventative measure against head lice and smells sweet.

Neem Oil

Natural remedy for head lice and their eggs.

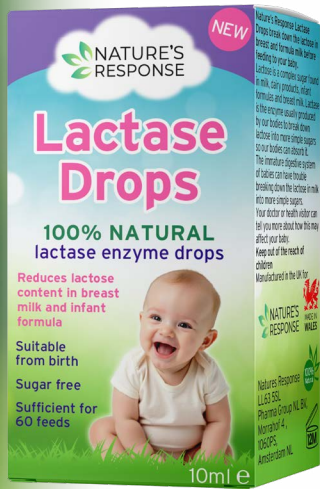

Ethylhexyl Palmitate

Natural emollient properties helping the active oils spread smoothly across the scalp.
