

Full ingredients of Comfrey ointment 84g and 500g

Ingredients: Aqua, Stearyl Alcohol, Polyglyceryl-10 Stearate, Prunus Amygdalus (Sweet Almond) Oil, PPG-3 Benzyl Ether Myristate, Glycerin, Tocopherol, Phenoxyethanol, Cera Alba, Butyrospermum Parkii (Shea) Butter, Ethylhexylglycerin, Symphytum Officinale (Comfrey) Leaf Extract, Citric Acid, Sodium Benzoate, Potassium Sorbate, Sodium Hydroxide

Our ointments have been re-formulated and we have now removed all parabens. The pot size has increased to 84g and is now an easier jar to re-cycle, providing better value for the customer- 60% increase for 100% more ointment. The trade price for 84g pots also gives an enhanced 40% POR at RRP, so there is no better time to stock Bio-Health ointments! The 500g is a new size for Comfrey ointment, brought about by its' popularity.
