Marketing Information

Key Description (Max 250 characters)

- High strength vegan vitamin D3, providing 4000iu vitamin D per capsule for immune and bone support

Key Bullets

- High strength vegan vitamin D3, providing 4000iu vitamin D per capsule
- Effective – Vitamin D helps form and maintain strong bones, helps maintain blood levels of calcium and phosphorus and is required for the normal functioning of the immune system
- Optimum support – Our highest strength vitamin D, providing 4000iu vitamin D3 in a simple, one a day capsule
- Studies show that many individuals don't have sufficient blood levels of vitamin D3, so a higher supplemental dose may be recommended to increase and maintain optimum blood levels
- Advanced – Our vegan D3 is sourced from algae
- Flexible – Easy to take in a simple one a day capsule
- No unnecessary additives or allergens
- Environmentally friendly – Recyclable packaging
- Trusted – We've been helping to shape a healthier society for over 30 years
- Suitable for vegetarians and vegans
- 30 days' supply at 1 capsule per day

Key Health Claims (supporting marketing text)

- Label: Vitamin D contributes to the normal function of the immune system and to the maintenance of normal bones, teeth and muscle function
- Vitamin D contributes to normal absorption and utilisation of calcium and phosphorus
- Vitamin D contributes to normal blood calcium levels
- Vitamin D has a role in the process of cell division

Suggested Combinations

- BioAcidophilus, and Vitamin C Powder for everyday and immune support. Osteoplex or Osteo Intensive for additional bone support.

Product Updates

- EU address added.
