Description

Teen Deodorant Balm Sweet Mint Mini is ideal for first-time buyers, gifting, travel and point of sale add-ons for younger customers looking for a gentle, natural deodorant. The cool mint scent with a touch of sweetness creates a fresh, clean fragrance that is perfect for everyday confidence through school, sports and busy routines.

Formulated with magnesium and a lower level of sodium bicarbonate, it helps neutralise odour naturally while being kinder to young underarm skin. It provides reliable all-day freshness without blocking pores and works from first use with no detox period required.

The soft balm texture is applied by hand, allowing it to rub in fully for better coverage and helping to prevent white marks on clothing.

Key selling points include gentle everyday odour protection for teens, aluminium salt free formulation, 100% natural fragrance from essential oils, vegan and cruelty-free credentials, plastic-free packaging and UK manufacturing.

The 10g metal tin typically lasts around 10 days with daily use, making it ideal for school bags, sports kits and trial purchases.

Directions

Ensure hands are clean and dry. Warm a small amount between fingertips and apply to each underarm, ensuring to rub in fully.
