

Balmonds Omega-Rich Facial Oil

100% natural rosehip rescue oil

with rosehip, chamomile, lavender + palmarosa

The Balmonds Omega-Rich Facial Oil USP

Formulated to nourish and hydrate skin needing a bit of extra TLC, this nutrient-rich blend of natural plant-based oils is designed to give depleted skin a boost of natural goodness, conditioning, smoothing and softening dry skin. Used over time, it can improve the appearance of fine lines, hyperpigmentation, and blemishes, and support the healthy functioning of the skin barrier. It works exceptionally well as a night-time moisturiser, massaged gently into the skin after cleansing, so you can drift off to the calming scent of chamomile and lavender.

Balmonds Omega-Rich Facial Oil is made with light, non-comedogenic oils so it's suitable even for reactive, acne-prone or oily skin. It contains no preservatives, nut oils, or synthetic ingredients, making it a perfect choice for dry, allergy-prone or depleted skin, as well as those prone to eczema, psoriasis, or perioral dermatitis.

Balmonds Omega-Rich Facial Oil is 100% natural, cruelty-free and Vegan Society certified

Key Ingredients

Rosehip: rich in essential fatty acids to support skin repair and regeneration

Grapeseed: contains vitamins E & K to provide barrier support for depleted skin

Calendula: a natural anti-inflammatory to nourish and calm irritated skin

Lavender: renowned for its calming effect and soothing scent

Roman Chamomile: naturally anti-inflammatory and rich in polyphenols & phytochemicals

Vitamin E: an antioxidant to protect from free radicals & keep skin supple

Palmarosa: naturally antimicrobial and supportive of healthy skin cell regeneration
