This product is suitable for vegetarians and vegans

Product Description

Korean Ginseng, the most potent variety of Panax Ginseng, is thought to be a natural stimulant for the body and mind and may contribute to physical and mental well-being and support energetic alertness.

Suitable for vegetarians and vegans, our tea has been formulated to provide a highly effective amount of ginsenosides; the natural substances thought to be behind many of ginseng's benefits. Our expert blenders have created this powdered tea as a tasty alternative to capsules and tablets, allowing quick absorption and guaranteed quality.

Nutritional information: Each sachet contains 600mg of Korean Ginseng extract with minimum 30mg of ginsenosides.

Microbiological tests:

Total aerobic microbial count: No more than 10^4 cfu/g

Total combined yeasts count: No more than 10^2 cfu/g

Enterobacteria microbial count: No more than 500 cfu/g.

Must be free from E.coli, Staphylococcus aureus, and Pseudomonas aeruginosa.
