

# Org. Mushroom Blend /150ml / label size 57x170mm

L234

5 060018 513614 >

A specialised blend of eight organic mushroom extracts from the fruiting bodies - offering a high potency broad-spectrum formula standardised for guaranteed efficacy. Mushroom extracts from fruiting bodies contain more beta-glucan polysaccharides than extracts taken from mycelium, which are often grown on grain, resulting in starchy alpha-glucans. This mighty mushroom cocktail is a convenient way to consume all of your mushrooms at once, enabling you to reap all the benefits each mushroom has to offer. The tiny bioactive components found inside the organic mushroom cells are carefully extracted and standardised to an impressive 50% beta- glucan-rich polysaccharide content and has a significant amount of plant sterols and triterpenes.

**Best before end:** See base.

**Storage:** Store in a cool, dry place away from direct sunlight. Refrigeration is not required.

Food supplements should not be used as a substitute for a varied diet. Keep out of reach of children. Do not exceed the recommended daily dose. Suitable for vegetarians and vegans. Naturally free from gluten and wheat. NO ARTIFICIAL COLOURS, PRESERVATIVES, SWEETENERS OR FILLERS
