TRANSIT

A unique food supplement  
containing concentrated  
plant extracts to help maintain  
intestinal regularity.

Suitable for Vegetarians

FOOD SUPPLEMENT

250 ml

 x 25

Bioserum Laboratorios carries out rigorous controls of raw materials through physical, chemical and microbiological analysis, ensuring compliance with the required quality specifications. We guarantee the absence of heavy metals, pesticides and plant toxins.

In addition, the plants used come from their native area, respecting the optimal time for their harvest and giving preference to species of ecological culture.

The unique combination of standardised plant extracts have been chosen to support normal intestinal transit helping to maintain regularity.
