

# PREBIOTIC FIBRE GUMMIES

60 GUMMIES / 3g

Prebiotic Fibre Gummies 3g - 60 Vegan Gummies - Chicory Root Inulin, Blackberry, Strawberry & Peach Flavour (30 Day Supply) - by Alpha01

## PRODUCT DESCRIPTION

Fibre is an important part of a healthy and balanced diet, but most UK adults consume much less than the recommended daily amount. These delicious Alpha01 gummies provide a fast and easy way to increase your daily fibre intake, providing 3 grams of dietary fibre (from chicory root inulin) in every serving.

## FORMULA OVERVIEW

These gummies offer a friendly, plant based source of soluble fibre in a format that is both enjoyable and impactful. Two gummies provide 3g of inulin from chicory root per serving, acting as a natural prebiotic fibre to support digestive balance. Sweetened with cane sugar and flavoured with natural extracts, the gummies rely on pectin for a soft, vegan texture. Beta carotene and black carrot extract lend a vibrant hue, avoiding artificial colours. Each bottle contains 30 servings and features a resealable lid to maintain freshness and portability. By integrating these gummies into daily routines, it becomes simple to increase fibre intake without mixing powders or altering meal plans. Made in the EU with non GMO ingredients and produced under GMP standards, they embody Alpha01's clean label principles and modern simplicity.

- ✓ Form - Softgels
- ✓ Serving Size - 3g / 2 Gummies
