

The Humble Co. is a Swedish health & wellness company offering reliable and innovative products that are good for you and kind to our planet. We bring lifestyle into the static and traditional oral care and wellness categories. With products developed by dentists and designed in Sweden, we strive for healthier people, on a healthier planet.

Did you know that several billions of plastic interdental brushes are produced every year? Shockingly, the majority of these will end up in oceans and landfills.

Unlike regular plastic interdental brushes, this Humble interdental brush has a handle made from 100% biodegradable, sustainably-grown bamboo - the fastest growing plant on earth. Bamboo is also naturally antibacterial which means that there is no need to use fertilizers or pesticides during its cultivation. **Thank you for going Humble. It matters.**

#go humble give smiles

Each Humble purchase funds oral health projects benefitting children in need. In collaboration with the Swedish non-profit organization, **Humble Smile Foundation™**, we have carried out projects in vulnerable communities in 37 countries around the world. Read more about current projects at www.humblesmile.org

100% RECYCLABLE

The box is made from recycled materials. The inside wrapper is made from paper and is compostable.

SAFE & CERTIFIED

Vegan and cruelty-free.
