

**Directions for use:\***

½ - 1 sachet once a day mixed with milk, water or food (start with ¼ of a sachet for babies <6 months).  
\*Or as recommended by your doctor or healthcare practitioner.  
If adding to hot food or drink, mix immediately prior to consumption.  
Do not exceed recommended daily intake.

**Live bacterial cultures:**

*Lactobacillus casei* PXN 37  
*Lactobacillus rhamnosus* PXN 54  
*Streptococcus thermophilus* PXN 66  
*Lactobacillus acidophilus* PXN 35  
*Bifidobacterium breve* PXN 25  
*Lactobacillus delbrueckii* ssp. *bulgaricus* PXN 39  
*Bifidobacterium infantis* PXN 27

**Ingredients:**

Preplex® (fructooligosaccharide (FOS) and gum acacia), live bacteria (see strains above), DHA + EPA Powder (source of Omega 3 fatty acid from **fish**), Vitamin D<sub>3</sub>

**Allergen advice:**

For allergen advice see ingredients list in **bold**.  
May contain soya and milk as these are used in the growth media of the strains. Traces of milk are at a level that would not affect lactose intolerance sufferers.

**Each sachet contains:**

Minimum 1 billion microorganisms per sachet (1 x 10<sup>9</sup> CFU/g), guaranteed throughout the shelf life.  
DHA + EPA: >1mg per sachet.  
Vitamin D<sub>3</sub>: 2.5mcg per sachet (50% of NRV\*\*).

## Bio-Kult® INFANTIS

Advanced multi-strain formula for infants with Omega 3 and Vitamin D<sub>3</sub>

### WHAT ARE LIVE BACTERIA?

Bio-Kult Infantis contains live bacteria to complement the existing gut flora naturally present in a healthy person's digestive system.

### Bio-Kult® INFANTIS

Bio-Kult Infantis is a scientifically developed, advanced formula for babies, toddlers and young children.  
Each sachet contains 7 strains of live bacteria, plus DHA & EPA which are high in Omega 3 fatty acids.  
Bio-Kult Infantis also includes Preplex® (FOS & gum acacia).  
Vitamin D<sub>3</sub> (natural source of Vitamin D) is also added to contribute to the normal function of the immune system.  
This formulation makes Bio-Kult Infantis a great choice for your infant.

Bio-Kult Infantis does not need to be refrigerated and is suitable to be taken:

- By babies, toddlers and young children as an introduction to the Bio-Kult range
- Alongside antibiotics
- When travelling
