For external use only. Avoid contact with eyes.
Keep out of reach of children and pets. Do not ingest.

How to use..
Two heaped tablespoons in a bath does the trick. Break up any lumps with your fingers – it's quite therapeutic! Enjoy a 20 – 30 minute soak. A quick rinse of the bath once you're done and that's it.

The Story So Far...
With four sons between us, life was hectic. Add a toddler with eczema into the mix and we were mums on a mission. We realised that oats were in loads of creams and ointments we used in every day life, so thought about how we could cut out all the other unnecessary stuff. Lots of research and hard work later, Oatsoak was born.

Ingredients:- Avena Sativa (Oat Kernel)

Yep. That's it.
