Core diameter, mm: 76mm
Labels on roll no.: -
Max o/d roll: -

Now for the Important bit.....
This is a copy of the artwork prepared for your order. Please check all label specifications, i.e material etc and read all text content carefully. Proofs viewed on screen or printed by customer will NOT display an accurate representation of the original printed colours. Mark clearly any errors or amendments. Any alterations to your original copy may be subject to an additional charge. We can only proceed with your order when we have received your written approval.
