

Why we love this product

We love our Lime & Aloe Vera Sanitising Hand Wash Refill because, as well as being made using ethically sourced ingredients, it's effective, sustainable and affordable. Plus, it's made here in the UK to reduce carbon emissions, making it one of the most sustainable and environmentally friendly hand wash refills available.

Ingredients

Aqua, Sodium Laureth Sulfate (SLES), Cocamidopropyl Betaine (CAPB derived from coconut oil), Sodium Chloride, Lactic Acid, Citric Acid, Aloe Barbedensis (Aloe Vera), Parfum, Limonene.

Avoid contact with eyes. If product enters eyes, rinse well with plenty of clean water. Discontinue if irritation occurs.

Potential Allergens: Limonene

Conforms to BSEN1276 testing (food grade standard) and neutralises 99.9% of harmful bacteria including E.coli, Salmonella and MRSA

How To Use

Wet hands and apply one pump of soap. Wash hands for a minimum of 20 seconds, and then rinse with clean warm water.

This hand wash refill is ready to use undiluted and is designed to be decanted into our beautiful [Bower dispensers](#) or a pump dispenser that you may already own.

Return the empty pouch to Bower to be refilled and reused. Our free post returns address can found on the back of pack.

Eliminating ocean-bound plastic

With every Bower order we work with our partners CleanHub to prevent ocean-bound plastic waste.

We have committed to stop 10,000 kgs of non recyclable plastic from entering our oceans this year. Bower Collective enables the safe collection and recovery of ocean bound plastic waste, working directly with waste-picking communities in Kerala, India. Your contribution, through your order, supports clean environments and creates sustainable jobs in the global south.
