

Toothpaste with Hydroxyapatite

Experience the next generation of natural toothpaste. Powered by Hydroxyapatite for teeth remineralisation, Fluoride and Xylitol to prevent cavities, and Erythritol to fight plaque, it delivers unparalleled protection. Infused with refreshing peppermint oil, it leaves your breath crisp and clean. All packed sustainably in a recycled and recyclable aluminum tube, blending efficiency with eco-consciousness. Elevate your oral care routine—naturally, sustainably, and affordably.
